

REMARKS

By this amendment, claim 41 has been amended and claims 63-98 have been added to more particularly point out and distinctly claim the novel and unobvious subject matter of this invention. In addition, claims 1-40, 42, 56, 57 and 59 have been cancelled, without prejudice. Thus, following amendment by this paper, claims 41, 43-55, 58 and 60-98 are presented for examination.

No new matter has been added by the present amendments to the claims. Accordingly, claims 41, 43-55, 58 and 60-98 are believed to be in condition for immediate allowance. Favorable consideration of the application therefore is respectfully requested. In the event that the examiner finds any impediment to the prompt allowance of any of these claims, which could be clarified in a telephone conference, the examiner is respectfully urged to initiate the same with the undersigned.

DATED this 17th day of November, 2004.

Respectfully submitted,

Gary D.E. Pierce
